Dear Madam,

With great respect and honour , I send my warm regards to you.

I feel sorry for the disaster that befell your country. I pray that you get quick recovery. I am Nayebare Doreen, the one you sponser 17 years and currently in S.4.

I think you for your great effort and support towards my studies. I was very happy when I had a look at your beautiful and well wishing letter which was in form of a success card.

In your letter, you wanted to know what I do everyday. From Monday to Saturday, I wake up early at 5:00am for morning prep. which ends at 6:30am from 6:30am- 7:30. I do general cleaning, from Monday to Friday at 7:30am to 4:50pm I am always in class for class lessons, at 7:30pm I go back to class for evening prep which ends at 10:00pm. From 10:00pm I go to rest waiting for a new day to come.

Every Saturday at 7:30pm, I go for fellowship and in this fellowship we praise and pray to God. Sundays I go to church service which starts at 9:00am to Lunch time. I usually have my lunch at 1:20pm and supper at 6:10pm.

Here in Uganda, we are surrounded by many physical features such as mountains, lakes, rivers, Swamps and plains. It is hot during the day and cold at night but sometimes we receive some amount of rainfall.

I am very serious with books so that we may be friends forever.

I hope to meet you as we walk through life. I have a desire of being with you there in Japan.

I am praying for you and I wish you a lot of blessings. Out of sight doesn't mean out of mind.

Yours faithfully,

*Nayebare*.....
